

Prof Philip Levin

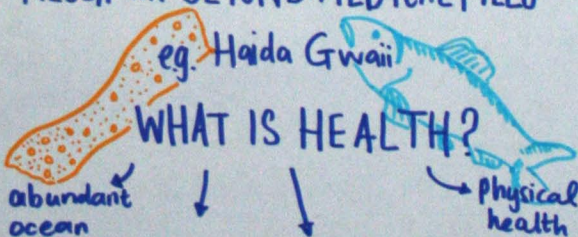

"THE VALUE OF OCEAN HEALTH"

We are Connected

THE DEMISE OF THE OCEAN IS THE END OF US
TO BE IN NATURE HAS A BENEFIT ON HUMANS

PUBLIC HEALTH RESEARCH
RESEARCH BEYOND MEDICAL FIELD

HEALTH OF HERRING IS INSEPARABLE FROM HUMAN HEALTH

LOSS FOR NOW + FOR FUTURE GENERATIONS

EXPERIENCE OF LOSS esp. among older women

Women's harvest
↳ time for stories, connection between generations, transfer of culture.

HOW DOES THIS IMPACT HEALTH?

Herring feeds body + soul.

DRASTIC DIFFERENCE BETWEEN TRADITIONAL + INDUSTRIAL FISHING

LOSS OF HERRING IS LOSS OF EVERYTHING
